| Pos. | Artikelbeschreibung             | Description of item            | Artikel Nr./Item No. |
|------|---------------------------------|--------------------------------|----------------------|
| 1    | Sicherheitsthermostat           | Safety thermostat              | E06011153            |
| 2    | Kondensator 6µF                 | Condenser 6,3µF                | 06090016             |
| 3    | Transformator                   | Transformer                    | E06041099            |
| 4    | Hauptplatine                    | Oven main board                | E06010226            |
| 5    | Magnetschalter                  | Proximity Hall sensor          | E06042146            |
| 6    | Magnet                          | Magnet for hall sensor         | E06042147            |
| 7    | Motor                           | Motor                          | E06033157            |
| 8    | Dichtung                        | Sealing                        | E06090171            |
| 9    | Motorventil                     | Motor for valve                | E06031017            |
| 10   | Entlüftungsrohrdichtung         | Vent pipe gasket               | E02029878            |
| 11   | Temperaturfühler                | Temperature sensor             | E06000130            |
| 12   | Ablaufabdeckung                 | Complete drain grate           | E02018400A           |
| 13   | Auflageschienen-Set 5 Einschübe | Set of guiding rails 5 drawers | E02018487A           |
| 13   | Auflageschienen 6040 SST2-5110  | Guiding rails 6040 SST2-5110   | 117151               |
| 14   | Halterung                       | Bracket                        | 02019624             |
| 15   | Kontakt z. Lampe                | Connector f. lamp              | E02025251            |
| 16   | Lüfterrad                       | Fan wheel                      | E05901119            |
| 17   | Dichtung Heizung                | Sealing for heating element    | E02027323            |
| 18   | Heizkörper, 6000 W, 230 V       | Heating element, 6000 W, 230 V | 06002111             |
| 19   | Dichtung                        | Humidifier pipe gasket         | E02027322            |
| 20   | Rohr                            | Pipe                           | 02018311             |
| 21   | Einspritzung f. Wasser          | Water injection                | 02018414             |
| 22   | Unterlegscheibe                 | Injector flat washer           | E05218029            |
| 23   | Zahnscheibe                     | Injector serrated washer       | E05218024            |
| 24   | Mutter für Lüfter               | Oven fan screw                 | E05111062            |
| 25   | Dichtung f. Tür, schwarz 2,0 m  | Door gasket, black 2,0 m       | E070701004           |
| 26   | Glasscheibe, innen              | Inner glass                    | E02028068            |
| 27   | Tür, komplett                   | Door, complete                 | E02028165            |
| 27a  | LED - Beleuchtung               | LED - illumination             | E02024939            |
| 27b  | Kontakt z. Lampe                | Connector f. lamp              | E02025007            |
| 27c  | Kappe z. Becken                 | Cap f. basin                   | 02012707             |
| 27d  | Stoßdämpfer                     | Buffer                         | 02021521             |
| 27e  | Kappe z. Mikroschalter          | Cap f. microswitch             | 02022746             |
|      |                                 |                                |                      |
|      |                                 |                                |                      |

| Pos. | Artikelbeschreibung                 | Description of item               | Artikel Nr./Item No. |
|------|-------------------------------------|-----------------------------------|----------------------|
| 28   | Türgriff, Edelstahl                 | Door handle, stainless steel      | 02022822             |
| 29   | Bedienblende                        | Front panel with glass            | E02029914CB          |
| 30   | Steckdose für Kerntemperraturfühler | Core probe connector              | E06000127            |
| 31   | Schalter                            | Switch                            | 06032033             |
| 32   | USB Anschluss                       | USB Connection                    | E06060045            |
| 33   | WLan-Modul                          | WiFi module                       | E06010238            |
| 34   | Flachbandkabel                      | 5 way cable L=750mm               | E06050078            |
| 35   | Touchscreen                         | Oven Keyboard                     | E06010232            |
| 36   | Fuß                                 | Base                              | 05900030             |
| 37   | Kühlungslüfter                      | Fan                               | E06033173            |
| 38   | Luftfilterhalterung                 | Air filter support                | E02026370            |
| 39   | Luftfilter                          | Air cleaner                       | E02026386            |
| 40   | Magnetventil                        | Magnetic valve                    | 06042103             |
| 40a  | Drossel im Magnetventil (braun)     | Reduction for magnetic valve      | 06042091             |
| 40b  | Düse, Waschsystem                   | Nozzle, wash-up system            | E06042115            |
| 40c  | Rückschlagventil                    | Check valve                       | E06042128            |
| 41   | Mikroschalter f. Tür                | Microswitch f. door               | 06043080             |
| 42   | Verschluss                          | Lock                              | 05900124             |
| 43   | Summer                              | Summer                            | 06010182             |
| 44   | Schütz 3P+1N, 9 A, BF0910A230       | Contactore 3P+1N, 9 A, BF0910A230 | 06046033             |
| 45   | Anschlussklemme                     | Terminal clamp                    | E06050659            |
| 45a  | Steckdose                           | Panel shuttered socket            | E06060047            |
| 46   | Steckanschluss                      | Push-on fitting                   | E07050341            |
| 47   | Schlauch PTFE                       | PTFE pipe                         | E07090125            |
| 48   | Rückschlagventil                    | Non-return valve                  | E06042136            |
| 49   | Schlauch PE                         | PE pipe D.6X8                     | E07090128            |
| 50   | Pumpe f. Reinigungsmittel           | Cleaning agents pomp              | E06042140            |
| 51   | Schlauch (2m)                       | Hose                              | E07090132            |
| 52   | Ansaugstück                         | Anti-floating weight              | E02027354            |
| 53   | Injektor für Waschanlage            | Injektor for washing maschine     | E06042143            |
|      |                                     |                                   |                      |
|      |                                     |                                   |                      |
|      |                                     |                                   |                      |
|      |                                     |                                   |                      |
|      |                                     |                                   |                      |
